Dogra Degree College

BA

#	Type	ID	Program Outcome
1	PO	PO1	**Critical Thinking: Graduates will be able to analyze and evaluate complex ideas, arguments, and information from various sources, demonstrating the ability to think critically and make informed judgments.**

Competency Level	Performance Indicator
CL1 - Demonstrates advanced ability to analyze and evaluate complex ideas, arguments, and information from various sources, showcasing critical thinking skills and informed judgmentmaking	**PI1 - Demonstrates the ability to analyze and evaluate complex ideas, arguments, and information from various sources, providing evidence of critical thinking skills. Makes informed judgments based on thorough analysis and evaluation, showcasing the capacity to think critically in diverse contexts.**

#	Type	ID	Program Outcome
2	PO	PO2	**Effective Communication: Graduates will possess strong written and oral communication skills, enabling them to effectively convey ideas, concepts, and information to diverse audiences.**

Competency Level	Performance Indicator
CL1 - Competency Level: Exhibits proficiency in conveying ideas, concepts, and information to diverse audiences through strong written and oral communication skills, ensuring clarity, comprehension, and engagement	PI1 - Conveys ideas, concepts, and information to diverse audiences through strong written and oral communication skills, ensuring clarity and comprehension. Engages effectively with audiences, adapting communication style and approach to facilitate understanding and convey messages persuasively

#	Type	ID	Program Outcome
3	PO	PO3	Research Skills: Students will acquire research techniques,methodologies,and the ability to gather and synthesize information from multiple sources to develop well-informed projects and papers.

Competency Level	Performance Indicator
CL1 - Displays advanced proficiency in utilizing research techniques, methodologies, and synthesizing information from multiple sources to develop well-informed projects and papers, showcasing analytical and integrative capabilities	PI1 - Synthesizes information gathered from various sources to develop well-informed projects and papers, demonstrating the capacity to analyze and integrate diverse perspectives effectively

#	Type	ID	Program Outcome
4	PO	PO4	Cultural and Global Awareness: Graduates will demonstrate an understanding diverse cultures,societies,and global issues,fostering an appreciation for cultural differences and promoting crosscultural competence.

#	Type	ID	Program Outcome
			<table><tr><td>**Competency Level**</td><td>**Performance Indicator**</td></tr><tr><td>**CL1 - Demonstrates advanced understanding of diverse cultures, societies, and global issues, fostering an appreciation for cultural differences and promoting cross-cultural competence through active engagement and dialogue**</td><td>**PI1 - Exhibits an understanding of diverse cultures, societies, and global issues, demonstrating sensitivity to cultural differences and complexities.**</td></tr></table>
5	PO	PO5	**Ethical and Social Responsibility: Graduates will develop an understanding of ethical principles and social responsibilities, and be able to apply these principles to their personal, professional, and civic lives.**

#	Type	ID	Program Outcome
			<table><tr><td>**Competency Level**</td><td>**Performance Indicator**</td></tr><tr><td>**CL1 - : Develops an advanced understanding of ethical principles and social responsibilities, applying these principles judiciously to personal, professional, and civic contexts, and promoting positive social impact through responsible behavior.**</td><td>**PI1 - Exhibits an understanding of ethical principles and social responsibilities, demonstrating the ability to recognize and navigate ethical dilemmas in personal, professional, and civic contexts.**</td></tr></table>
6	PO	PO6	**Collaboration and Teamwork: Students will learn to work effectively in teams, respecting diverse perspectives and contributing positively to group dynamics.**

			Competency Level	Performance Indicator
			CL1 - Demonstrates advanced proficiency in working effectively in teams, fostering a collaborative environment conducive to achieving shared goals, and respecting diverse perspectives while leveraging collective strengths to optimize outcomes.	PI1 - Works effectively in teams, contributing positively to group dynamics and fostering a collaborative environment conducive to achieving shared goals
7	PO	PO7	Adaptability and Flexibility: Graduates will be prepared to adapt to changing environments and circumstances, demonstrating flexibility and resilience in the face of challenges.	
			Competency Level	Performance Indicator
			CL1 - Demonstrates the ability to adapt to changing environments and circumstances, showcasing flexibility and resilience in the face of challenges	PI1 - Responds effectively to unexpected changes or setbacks, demonstrating the ability to adjust plans and strategies as needed to achieve goals.

#	Type	ID	Program Outcome
8	PO	PO8	Life- long Learning:Students will develop a Commitment to continuous learning,adapting Tone win formation,technologies,and trends in their field and beyond.

			Competency Level	Performance Indicator
			CL1 - Develops a commitment to continuous learning, adapting to new information, technologies, and trends in their field and beyond	PI1 - Actively seeks out opportunities for learning and self-improvement, engaging in professional development activities to stay updated on industry trends and advancements.

#	Type	ID	Program Outcome
9	PO	PO9	Interdisciplinary Perspective: Depending on the specific major or concentration, graduates might gain an interdisciplinary perspective that allows them to bridge different fields of knowledge and contribute to innovative solutions.

			Competency Level	Performance Indicator
			CL1 - Gains an interdisciplinary perspective that bridges different fields of knowledge and contributes to innovative solutions.	PI1 - Integrates knowledge and concepts from multiple disciplines to address complex problems or challenges, demonstrating the ability to synthesize diverse perspectives effectively.

#	Type	ID	Program Outcome
10	PO	PO10	Preparation for Higher Education: The BA program can serve as a foundation for further education, such as pursuing advanced degrees (e.g., Master's or Ph.D.) in various fields, including humanities, social sciences, law, and more.

			Competency Level	Performance Indicator
			CL1 - Provides a foundation for further education, preparing graduates for advanced degrees in various fields.	PI1 - Demonstrates academic rigor and intellectual curiosity, laying the groundwork for success in graduate-level coursework and research.

#	Type	ID	Program Outcome

11	PO	PO11	Career Readiness:Graduates will be equipped with transfer able skills that can be applied to various career paths, including fields such as education, writing, media, public relations,non-profit organizations,and more.

Competency Level	Performance Indicator
CL1 - Equips graduates with transferable skills applicable to various career paths in fields such as education, writing, media, public relations, and non-profit organizations.	PI1 - Demonstrates proficiency in key transferable skills, such as communication, problem-solving, and collaboration, essential for success in diverse professional settings.

12	PO	PO12	Environment and sustainability:understand the issues of environmental context and sustainable environment

Competency Level	Performance Indicator
CL1 - Understand basic environmental concepts and sustainability principles and makes minimal efforts to incorporate sustainable practices in daily life	PI 1 - Demonstrate comprehensive knowledge of environmental issues and sustainability principles and keeps up to date with current research and development in sustainability

13	PO	PO13	Pedagogical knowledge: Graduates will possess a solid foundation in educational theory and pedagogy including knowledge of various teaching methods curriculam development and assessment techniques

			<table><tr><td>**Competency Level**</td><td>**Performance Indicator**</td></tr><tr><td>**CL1 - Understand a variety of teaching techniques and educational theories and how they apply to different context**</td><td>**PI1 - Demonstrate deep understanding of subject matter and utilizes a variety of teaching methods to address different teaching styles and incorporates technology and innovative practices in instruction**</td></tr></table>

#	Type	ID	Program Outcome
14	**PO**	**PO14**	**Reflective thinking and problem solving: The students will develop the ability to understand and use their own experiences skills to meet challenges in day to day life**
			<table><tr><td>**Competency Level**</td><td>**Performance Indicator**</td></tr><tr><td>**CL1 - After completion the graduation the students will be able to understand the nature of sociological problems and deal with them in right manner**</td><td>**PI1 - Ability to recount experiences accurately and evaluate actions and their and their outcomes and applies reflective insights to new situations**</td></tr></table>
15	**PSO**	**PSO1**	**Environment and sustainability:understand the issues of environmental context and sustainable environment**
16	**PSO**	**PSO2**	**Pedagogical knowledge: Graduates will possess a solid foundation in educational theory and pedagogy including knowledge of various teaching methods curriculam development and assessment techniques**
17	**PSO**	**PSO3**	**After the completion of the B.A. program under the NEP, the students will be familiar with the basic concepts of Micro and Macro economics and how different Policies of the government are formulated like the Monetary policy, Fiscal policy and the Planning process.**
18	**PSO**	**PSO4**	**Knowledge: The students develop a scientific understanding of the past which enables them to understand the history of India as well as the history of the world.**

19	PSO	PSO5	**Understanding Political Theory : Students will understand the basic concepts of Politics, Political Science, their nature and scope. Analysing the various approaches to understand the politics like normative, system, behaviourial.**
20	PSO	PSO6	**Disciplinary knowledge- Students will able to demonstrate the attribute of comprehensive knowledge and of discipline of Sociology and also understanding the foundations of Sociology and it is linked to other sciences.**
21	PSO	PSO7	**Communication Skills: Learners will develop the ability to express oneself clearly, both in writing and orally. Students will effectively develop, interpret and express ideas through written, oral and visual communication.**
22	PSO	PSO8	**Skill Development - After studying courses on data analysis, research methodology and digital literacy, students**

#	Type	ID	Program Outcome
23	PSO	PSO9	**Comparative Politics and Government : This course will help to understand the comparative study of government and politics their relationships and differences. Students will analyse the comparative study of various political culture, process , socialization and development.**
24	PSO	PSO10	**Self-Sufficiency and Life-long Learning: Developing selfsufficiency, sincerity, independent thinking as education is a lifelong process for empowering the students to face all challenges in their future endeavours.**

DDC
Subjectwise Course Outcome - [BA - 2024-25]

Semester V Sec A

International Politics-UMJPST-501/UMIPST-505 [Theory | Elective]

CO ID.	Course Outcome
CO1	After the completion of the course, the student will be able to gain the knowledge about the subject matter and tools to understand international politics.
C02	After the completion of the course, the student will be able to understand the meaning and approaches in international politics.
CO3	The student will gain knowledge of Key concepts- National Power and National Interest.
CO4	The student will know how the Nation-state serves their national interests through their foreign policies by deploying a variety of tools like diplomacy and at times war.
CO5	The student will be able to understand the management of power at international level.

Human Rights-UMJPST-503 [Theory | Elective]

CO ID.	Course Outcome
CO1	After the completion of the course, the student will be able to understand the concept of Human Rights and various articles of the UNDHR Charter and various covenants.
CO2	After the completion of the course, the student will be able to understand and comprehend the evolution of human rights in India and their enshrinement in the Indian Constitution in the form of various Fundamental Rights and Directive Principles of State Policy.
CO3	The student will be understand the impact of various non state and global phenomenon on the spirit of human rights.
CO4	The student will be able to understand how the marginalized sections of the Indian society are getting impacted by these human rights.

Culture and Society-UMJSOCT-503/Understanding culture and Society-UMISOCT-505 [Theory | Elective]

CO ID.	Course Outcome
Co1	Understand the concept of culture and its components
CO2	Understand the concept of cultural change and cultural processes
CO3	Understand the concept and process of socialzation
CO4	Understand the concept of social control and its agencies

International and Regional Organisation0UMJPST-502 [Theory | Elective]

CO ID.	Course Outcome
CO1	After completing this course the students will be able to understand the signi cance of international and regional organizations for the well being of nation states which are the members of comity of nations.
CO2	After completing this course the students will be able to understand the evolution and working of United Nations,it's major organs,role and responsibilities of Secretary General and International Court of justice.
CO3	After completing this course the students will learn the functioning of the international and regional organizations and the bene ts accrued to the nation-states from their participations in such organisations.
C04	After completing this course the students will learn to develop understanding about objectives that shaped these organisations and to explore the job opportunities in these organisations.

Comparative Federalism-UMJPST-504 [Theory | Elective]

CO ID.	Course Outcome
CO1	Students will understand different federal systems, analyze their structures and functions, compare intergovernmental relations, and critically evaluate the impact of federalism on governance, policy-making, and cultural diversity across countries.
CO2	Students will analyze various federalism models in developed countries, compare their governance structures, and evaluate how these models in uence policy-making, intergovernmental relations, and address regional diversity and socio-political challenges.
CO3	Students will explore federalism models in developing countries, assess their governance structures, analyze how they address regional diversity and socio-economic challenges, and evaluate their effectiveness in promoting political stability and economic development.

Philosophical perspectives of education(UMJEDT-501)/Philosophy in education(UMIEDT-505) [Theory | Elective]

CO ID.	Course Outcome
CO1	After the completion of course , learners will be able to:understand the nature of philosophy, educational philosophy and their relationship.comprehend the nature of Indian philosophy in the light of knowledge, reality and values.
CO2	After the completion of course , learners will be able to get deep insight into Vedanta and Jainism philosophies.
CO3	After the completion of course , learners will be able to lean about the educational contribution of idealism and humanism.
CO4	After the completion of course , learners will be able to develop comprehensive view about the contribution naturalism and pragmatism in the eld of education.

502 Understanding Rural Society in India-UMJSOCT-502 [Theory | Elective]

CO ID.	Course Outcome
CO1	Students will gain a comprehensive understanding of rural society, and the role and types of peasants ,and the major rural social problems affecting rural communities.
CO2	Students will gain understanding of key sociological concepts and their relevance in analyzing cultural and social change
CO3	Students will understand how family structures , economic systems and caste dynamics interact and in uence each other, equipping them to analyze and address related social issues.
CO4	Students will understand agrarian situation past and present with the help of knowledge and rural programmes.

UMIENT 505 English Literature-UMJENT-505 [Theory | Elective]

CO ID.	Course Outcome
CO1	Demonstrate an understanding of the elements of quality children's literature
CO2	On the completion of this course, the learner will be able to demonstrate the critical approach to reading and talking about and evaluating children's' literature

CO3	to recognize the works of children literature re ect the human condition ,promote diversity and function as a record of human experience
CO4	to analyse the genres of children's literature including their characteristics

UMJECT-501,UMIECT-505 3. International Economics-UMJECT-501/UMIECT-505 [Theory | Elective]

CO ID.	Course Outcome
CO1	This International Economics course aims to offer students a comprehensive grasp of trade theories ,trade policies and a balance of payment that in uence the unrestricted movement of goods and services on a global scale.
CO2	The course content focuses on both the theoretical foundation and policy frameworks of international trade, providing students with insight into concepts ,theories, and policy implication.
CO3	This course also explores the effects of free trade and tariffs on various sectors of the economy.
CO4	This course content gives the current trends of globalization and liberalization and knowledge of balance of payment as well as balance of trade.

UMJECT-503 Indian Economy-UMJECT-503 [Theory | Elective]

CO ID.	Course Outcome
CO1	Understand India's economic statute as a major global economy, analyze key economic indicators like poverty, unemployment, and demographic structure, evaluate trends and drivers of GDP growth including population dynamics, urbanization, and economic reforms, and comprehend the signi cance of agriculture, Green and White Revolutions, and cropping patterns in shaping India's economic landscape.
CO2	To provide insight about manufacturing and service sectors,composition of export and importand trading blocs
CO3	To enable the students to grasp the current recent infrastructure development initiative in India
CO4	To make student understand about challenges ,reforms, initiative and global Impact

UMJECT-504 4. History of Economic Thought-UMJEC-504 [Theory | Elective]

CO ID.	Course Outcome
CO1	This course explores the origin of economic thoughts.
CO2	In this course learner can learn the contribution of economic thinkers, and the chronological dynamics of economic theories.
CO3	Learners will gain insights into the evolution of different economic schools.
CO4	In this course learner can explore the origin of Indian Economic Thoughts and get knowledge of the same.

UMJECT502 Elementary Mathematics-UMJECT-502 [Theory | Elective]

CO ID.	Course Outcome
CO1	Arithmetic Operations: Addition, subtraction, multiplication, division; understanding their properties.Fractions and Decimals: Converting, adding, subtracting, multiplying, dividing.Basic Algebra: Solving linear equations, simplifying expressions.Geometry: Shapes, area, perimeter, symmetry, transformations.Measurement: Units conversion, applying measurement formulas.
CO2	Matrices:Basics: De nition, operations (addition, subtraction, scalar multiplication).Multiplication: Rules and dimensions.Special matrices: Identity, zero, and diagonal matrices.Determinants:De nition: Calculation for 2x2 and 3x3 matrices.Properties: Linearity, scalar multiplication.Applications:Solving systems of linear equations.Geometric transformations (rotation, scaling).Connections:Link to algebra (linear transformations) and geometry.Problem Solving:Applying matrices and determinants in real-world scenarios.
CO3	Functions:De nition, types (linear, quadratic, etc.), operations, composition, and inverses.Limits:Understanding limits algebraically and graphically, basic limit laws, and limits involving in nity.Derivatives:De nition using limits, calculation rules (power, product, quotient, chain), and applications (slope, rates of change, optimization).

UMJEDT 504 Yoga Education (UMJEDT-504) [Theory | Elective]

CO ID.	Course Outcome
CO1	On completion of the course, learners will be able to understand yoga for integrated living and upliftment of man and learn the ways to spiritual enlightenment.

CO2	On completion of the course, learners will be able to:To practice yoga in their daily life and become effective practitioner of yoga.
C03	On completion of the course, learners will be able to:Learn to practice Asans , Pranayam, Dharana and Dhyana

UMJEDT-502 Education India: Pre-Independence-Era-UMJEDT-502 [Theory | Elective]

CO ID.	Course Outcome
CO1	After the completion of course, learners will be able to understand the system of education during vedic and Buddhist periods and their relevance in the present educational structure.
CO2	After the completion of course,learners will be able to understand the system of education during Muslim period and their relevance in the present education system and develop a deep insight into the recommendation of charter act and Macaulay minutes and their impact on the present education system.
CO3	After the completion of course , learners will be able to appraise the recommendations of wood Despatch and sadler commission and their contribution to modern education system.
CO4	After the completion of course, learners will be able to acquaint themselves with the features of wardha scheme of education and its relevance to present education system and develop a deep understanding about the recommendations of Sargent report and its impact on modern educational system.

UMJEDT-503 Education in India: Post Independence Era-UMJEDT-503 [Theory | Elective]

CO ID.	Course Outcome
CO1	After the completion of the course the students will be able to develop an understanding about various recommendations of university and secondary education commission and its impact on present higher education system.
CO2	After the completion of course, learners will be able to comprehend the main recommendations of indian education commission and its impact on primary,secondary and higher education in india and learners also acquaint themselves with the features of NEP-1986 and its impact on present system of education.
CO3	After the completion of course learners will be able to envision the objectives,features and main interventions of sarva shiksha abhiyan and develop knowledge about right to education act which help them to promote education in their respective areas.
CO4	After the completion of course learners will be able to understand the role of NCERT and CABE for the promotion of education in india.

UMJENT-501 British Literature-UMJENT-501 [Theory | Elective]

CO ID.	Course Outcome
CO1	Student will gain an understanding of the evolution of literary forms and themes across different historical periods and cultures
CO2	Student will critically analyze and understand the themes, characters, and social commentary presented in George Bernard Shaw's Pygmalion
C03	this includes understanding the allegorical representatio0n of Russian Revolution the mechamisms of power and corruption and the critique of totalitarian regimes through the analysis of George Orwell's literary techiniques and themes
CO4	Outcome emplasizes critical analysis, thematic exploration and an understanding of poetic techiniques

UMJENT-502 2. English Literature {UMJENT-502) [Theory | Elective]

CO ID.	Course Outcome
CO1	Analyze the complexities of popular culture and its social and cultural function.
CO2	Perceive how gender, sexuality, race, ethnicity, class and other socially codi ed markers of identity are represented in popular culture.
CO3	Provide the students with a comprehensive understanding of term 'Popular Culture' and how it in uences an individual's outlook towards certain topics.

UMJENT-503 3. English Literature {UMJENT-503) [Theory | Elective]

CO ID.	Course Outcome
CO1	Identify, describe and de ne literary works in the travel discourse/travelogue genre- the purport, the manner of writing and the involvement of writer's personality.

UMJENT-504 English Literature (UMJENT-504) [Theory | Elective]	
CO ID.	Course Outcome
CO1	SUMMARISE THE BROAD NATURE OF THE COMMUNICATION DISCIPLINE
CO2	INFER THE IMPACT OF MEDIA ON COMMUNICATION WITHIN SOCIETY
CO3	SUMMARIZE THE BROAD NATURE OF THE COMMUNICATION DISCIPLINE ARTICULATE THE IMPORTANCE OF COMMINICATION EXPERTISE IN CAREER DEVELOPMENT AND CIVIC ENGAGEMENT

UMJHTT 502 2. Early Resistance and Education System UMJHHT-502 [Theory | Elective]	
CO ID.	Course Outcome
CO1	To understand the emergence of early resistance movements against colonial rule in India
CO2	To critically assess the role of First war of Indian Independence for the establishment of rule of British crown in India.
CO3	To analyze the various education policies implemented by British colonial administration in India .

CO4	To gain a comprehensive understanding of transition and continuities in various historical contexts, including political , social economic and cultural changes over time

UMJHTT 503/UMIHTT 505 3. Indian Renaissance UMJHHT-503/Reform Movements-UMIHHT-505 [Theory | Elective]

CO ID.	Course Outcome
CO1	Understand the Indian renaissance and revivalist movements during colonial period
CO2	Evaluate the social reform initiatives spearheaded by reformers and revivalist including efforts to abolish social evils such as sati, child marriage, caste discrimination and promote education ,women's right and social equality

UMJHTT 504 4. Constitutional Development-UMJHHT-504 [Theory | Elective]

CO ID.	Course Outcome
CO1	Gain comprehensive understanding of the constitutional developments during the 19th century including the emergence of constitutionalism, legal frameworks and governance structures
CO2	Evaluate the impact of legislative acts on the governance structures of colonial India including changes in administrative divisions executive authority legislative powers and representation

UMJHTT-501 3. Imperialism and Economic Exploitation UMJHHT-501 [Theory | Elective]

CO ID.	Course Outcome
CO1`	After the completion of the course the students will be able to gain comprehensive understanding of historical contexts motivations and methods behind British imperialism.
CO2	After the completion of the course the students will be able to to analyze and evaluate the socio political and economic impacts of British expansion on colonized regions.
CO3	After the completion of the course the students will be able to explore the resistance movements ,uprisings and efforts by colonized people in response to British exploitation
CO4	After the completion of the course the students will be able to examine the various mechanisms of economic exploitation employed by British Empire as well as early structure of British Raj

UMJSOCT-501 Sociological Thought in India-UMJSOCT-501 [Theory | Elective]

CO ID.	Course Outcome
CO1	Study the Perspectives of Indian Sociology
CO2	Understand the contribution of Indian Sociological Thinkers to Study Society
CO3	Familiarize with the founders of sociology in India
CO4	Familiarize with the different Indian Sociological Thinkers

UMJSOCT-504 Social Movements in India-UMJSOCT-504 [Theory	Elective]	
CO ID.	Course Outcome
CO1	Study the Nature, characteristics and Types of Social Movements
CO2	Study the Theories of Social Movements
CO3	Acquaint with various social Movements in India

Semester I Sec A

Understanding Political Theory-UMJPST-102/Conceptualizing Political Science-UMIPST-102 [Theory | Elective]

CO ID.	Course Outcome
CO1	After the completion of the course, the student will be able to understand the fundamentals of Political Science.
CO2	After the completion of the course, the student will be able to understand the institution of State, the philosophies that shaped it, instrument and bases of its authority and its relations with individuals.
CO3	After the completion of this course, the student will develop understanding about the subject matter of discipline by approaching it through various traditional and modern approaches.
CO4	After the completion of the course, the student will be able to understand the basic concepts.
CO5	After the completion of this course, the student will be able to understand the major ideologies

4. Understanding India-UVAUIT-101 [Theory | Regular]

CO ID.	Course Outcome
CO1	After the completion of this course the learners will be able to understand the trajectories of cultural development of India and the making of unity in diversity.
CO2	After the completion of this course the learns will be able to explain the major forms and phases of freedom struggle and to student aware of the contributors to our struggle for Independence.
CO3	After the completion of this course the learners will be able to discuss the process of constitutional developments and its emergence as one of the largest democratic states in the world and also about the major contributions of India to world civilization

Environmental Science and Education- UVAEVT-102 [Theory | Regular]

CO ID.	Course Outcome
CO1	The learner will be able to gain in-depth knowledge on natural processes that sustain life, and govern economy
CO2	The course is expected to inculcate a critical thinking on various dimensions of environment through knowledge, skill , critical thinking and problem solving
CO3	The learner will be able to acquire values and attitudes towards understanding complex environmental economic-social challenges, and participating actively in solving current environmental problems and preventing the future ones.

Not yet updated IT Basics and Applications UMDIIT 103 (UMDITT103) [Theory | Elective]

CO ID.	Course Outcome

CO1	After completion of this course, students will have a fundamental understanding of Information Technology, understand the role and structure of a computer system and its hardware & software components.
CO2	This unit introduces learners to the basic organizations of computer system, various input devices, output devices and peripheral devices used in computer system.
CO3	At the end of this unit learners will able to understand the concept of Operating System, its functions and different types of Operating systems and its functioning.
CO4	After completion of this unit learners equips with the comprehensive knowledge of E-Commerce, E- payment systems, Net marketplaces and online content provider.

UAEENT-105 Communication English-UAEENT-105 [Theory | Regular]

CO ID.	Course Outcome

CO1	At the completion of the course, the learner will be able to develop vocabulary and improve the accuracy in grammar
CO2	At the completion of the course,the learner will be able to articulate the words with right pronunciation.
CO3	At the completion of the course, the learner will be able to improve listening,speaking reading writing skills and relate sub-skills
CO4	On the completion of this unit the learner will be able to understand the rules of grammar like Articles, Prepositions, homophones, homonyms, words often confused with

UMDITT103 IT Basics and Applications UMDIIT 103 [Theory | Regular]

CO ID.	Course Outcome
CO1	After completion of this course, students will have a fundamental understanding of Information Technology, understand the role and structure of a computer system and its hardware & software components.
CO2	This unit introduces learners to the basic organizations of computer system, various input devices, output devices and peripheral devices used in computer system.
CO3	At the end of this unit learners will able to understand the concept of Operating System, its functions and different types of Operating systems and its functioning.
CO4	After completion of this unit learners equips with the comprehensive knowledge of E-Commerce, E- payment systems, Net marketplaces and online content provider.

UMIEDT-102 Basics of Education-UMIEDT-102 [Theory | Elective]

CO ID.	Course Outcome
CO1	After the completion of course,learners will be able to:Develop the insight about the concept of education from different perspectives,nature and functions of education in the life of an individual.Acquire knowledge about the nature of agencies of education, different types of agencies and roles of home and school as agencies of education in the life of the individual.
CO2	After the completion of this course, learners will be able to:Acquire themselves with the understanding of new organizational structure of education at the school stage as per NEP-2020.Acquaint themselves with the understanding of new organizational structure of education at the school stage as per NEP-2020
CO3	After the completion of the course,learners will be able to:Acquaint themselves with the understanding of new organizational structure of education at the school stage as per NEP -2020Develop insight about the modern modes of teaching-learning viz online, blended and ipped and application of SWAYAM course.
CO4	After the completion of course , learners will be able to :Attain mastery over the basics statistical skills to apply statistical techniques in their future endeavors.

UMJECT-101,UMIECT-102 Principles of Micro Economics-I UMJECT-101/Micro Economics-UMIECT-102 [Theory | Elective]

CO ID.	Course Outcome
CO1	This course on Principles of Micro Economics will provide the students a through understanding and knowledge of basic microeconomics.

CO2	This course deals with markets forces of demand and supply and their elasticity as well as theories of consumer demand.
CO3	The contents of this paper have laid emphasis on the theory of Micro Economics to demand and supply and consumer equilibrium.

UMJENT-101 4. English Literature {UMJENT-101/UMIENT-102) [Theory | Elective]

CO ID.	Course Outcome
CO1	By the end of the course, the students will be able to identify the nature and characteristics of literature.
CO2	By the end of this course, the students will be able to understand the range, signi cance and scope of English Literature and the growth of evolution of the language.

UMJHTT101/UMIHTT 102 1. Pre and Proto History of India (UMJHTT101)/Historical Developments in India-I(UMIHTT-102) [Theory | Elective]

CO ID.	Course Outcome
CO1	Understand the chronology and major phases of prehistoric and protohistoric periods in India.
CO2	Explore the origins and spread of agriculture domestication of animals and early settlements pattern

CO3	Discuss the theories and debates surrounding Harappa civilization.

UMJSOCT101 Fundamental Sociology-UMJSOCT-101/Introduction to Sociology-UMISOCT-102 [Theory | Elective]

CO ID.	Course Outcome
CO1	To understand Sociology as a discipline and to explore the relationship of Sociology with other sciences.
CO2	Understanding and discussing the micro and macro perspective of Sociology.
CO3	To understand the basic concepts of Sociology
CO4	To understand the different Social Institutions in Sociology.

USEENT-106 1. Soft Skills {USEENT-106) [Theory | Regular]

CO ID.	Course Outcome
CO1	By the end of the syllabus, the students will be able to develop effective communication skills (Spoken and written).
CO2	By the end of the course, the student will be able to develop effective presentation skills, conduct effective business correspondence and prepare business reports which produce results.

Semester III Sec A

Western Political Thought-UMJPST-301 [Theory | Elective]

CO ID.	Course Outcome
CO1	After the completion of the course, the student will be able to understand the classical works of political philosophers and relationship between state and citizens.
CO2	After the completion of the course, the student will be able to understand the equation and relationship between the State and Church as theorized in the work of political philosophers.
CO3	After the completion of the course, the student will be able to understand the origin of state and its evolving dynamics through Ancient, Medieval and Modern periods.
CO4	After the completion of the course, the student will be able to understand the impact of renaissance and reformation on the state and political philosophy thereof.
CO5	After the completion of the course, the student will be able to understand the philosophies of Mill and Karl Marx.

Micro Economics-II UMJECT-301/UMIECT-303 [Theory | Elective]

CO ID.	Course Outcome
CO1	The course provide insight to students about production function and Law Of variable Proportion and different types of cost function
CO2	It will also illustrate about Prefect market structure.
CO3	It will illustrate about monopolistic and Oligopoly market
CO4	It provides insight about marginal productivity theory of distribution ,interest theory

Functioning of Indian Democracy-UMJPST-302/Understanding Indian Democracy-UMIPST-303 [Theory | Elective]

CO ID.	Course Outcome
CO1	After the completion of the course,the student will be able to examine the evolution of democracy in India from its historical roots through different stages and phases.The student will be able to analyse Indian Democracy in comparative perspective focusing on centralization and De-Insitutionalization.
